

KASHISH MITTAL

Dot.Net Developer

Phone: +91.9034391574

Email: kashishmittal1750@gmail.com

LinkedIn: linkedin.com/in/kashish-mittal-4265a8185

PROFILE

Participated in requirement gathering sessions with the client and preparation/modifying of the requirements in Requirement Specification document using Xml and Json.

Implemented OO Design and Concepts data modeling to analyze and define data requirements need to support business requirements.

Designed User Interface using **Web Forms, Win forms, ASP.NET, Server Controls and Visual Studio.Net.**

Created user interfaces using **ASP.NET Web forms** and **Web Server controls**

Studied Business Requirements, Analysis and converted business requirements into technical specifications.

Coded the **Business Logic layer** and **Data Access layer** using **C#.NET**.

Worked on ASP.NET State management, using Sessions and ASP.Net Caching features using Output Cache.

Extensively used **ADO.NET** classes provided by the **.NET Framework 5.0** for database connectivity.

Developed **data access assemblies in C# to connect to SQL Server database** and isolated data access logic from business layer and front end by defining several strongly typed dataset.

Written SQL Queries, **Stored Procedures**, functions using SQL Server.

Highly flexible in Testing Using **Postman**

EDUCATION

- **Bachelor of Engineering / Bachelor of Technology, Computer Science and Engineering**

Sharda University

Graduated, May 2021

UGC

Marks 75 %

Greater Noida, Uttar Pradesh

- **Intermediate, Class 12th , Non Medical**

Pratap Public School

Completed, March 2017

CBSE

Marks 70 %

Karnal, Haryana

- **High School, Class 10th**

Pratap Public School

Completed, March 2015

CBSE

Marks 7.4 [CGPA]

Karnal, Haryana

WORK EXPERIENCE

July 2021 - December 2021

Software Engineer

Affixious Consulting Pvt. Ltd.
Noida, Uttar Pradesh

- Doing all tasks with are guided by our Supervisors.
- Familiarity with the ASP.NET framework, SQL Server and design/architectural patterns (e.g. Model-View-Controller (MVC))
- Understanding with architecture styles/APIs (REST, RPC).
- Understanding of Agile methodologies
- Very well known how to manage the code and do all debugging on live Web Api.

INTERNSHIP

August 2020 - October 2020

Digital Marketing Intern

Pochocki Technical Training and Services
Noida, Uttar Pradesh

- Fullfill tasks set out bu supervisors from several departments.
- Attend meeting and take minutes.
- Perform research at a supervisors request.
- Update social media platforms and write copy to posts.
- Create images for social media posts.

TRAINING AND CERTIFICATIONS

- Deep Learning - IIT Ropar, NPTEL, 2021
- Artificial Intelligence, Microsoft, 2021
- Getting Stated with Node Js , Simplelearn, 2021
- Full Stack JAVA Developer, Udemy, 2020
- Database Management With Sql, Oracle, 2020
- Internet Of Things, Sharda University, 2020

COMPUTER PROFICIENCY

Operating Systems

- Windows 7/8/10

Software

- Microsoft Visual Studio 2019
- VS Code

ENGINEERING SKILLS

Languages

- Asp. Net C#
- Java
- JavaScript

Web Components

- JQuery
- Rest
- NewtonSoft.Json

Database

- SQL Server
- MySQL

Web Servers

- Apache Tomcat Server
- Xampp Server

Networks

- Computer Networks

Development Tools

- Eclipse IDE
- NetBeans Ide
- Microsoft Visual Studio 2019

LANGUAGES

- Hindi ●●●●
- English ●●●●●

CAREER HIGHLIGHTS

- Design, development, implementation and maintenance of Web Applications using Asp.Net, Web Services , WCF Services, C#.NET , ADO.NET, SQL Server, C#, and .Net Framework

INTERESTS

- Love to play basketball as well as chess
- Listening all kinds of music
- Travelling
- Main Focus on Improving my Career Skills

PROJECT

| | |
|---------------|-----------------------------|
| Project 1 | AIRLINE RESERVATION SYSTEM |
| Period: | August 2019 - December 2019 |
| Technologies: | By Using JAVA, MySQL, & CSS |

In this **JAVA Major project** mainly we are going to concentrate on ticket booking function, this function will take the user inputs like their requirements (flight name, flight source & destination, Number of seats, Seat numbers), after entering all of his/her requirements in this application, it can check at backend & provide us the total information about flights. When we open the first page of this project we can find the basic information (basic fair & discounts) about today flight timings.

Project 2

Online Shopping System

Period: July 2020 - December 2020

Technologies: Java, JSP, & CSS

The Online Shopping System has become an essential tool for sellers and also for buyers. The online shopping system in java allows buyers to buy goods/products directly from the seller website and it saves time and money of buyer. There is an advantage of the sellers to attract more customers using online shopping systems and it promotes cashless transactions.

Project 3

Employee Management System

Period: September 2021 - October 2021

Technologies: Asp .NET , C#, SQL Server

Employee Management System C# is made with C# programming language and ASPX Designer using Visual Studio 2019, employee management system helps to add, edit, record, and delete any employee details of an organization. Users can register and login to view all entries of the employees. The software features functionalities such as login and registration, add, edit or delete employee records and also view their entries.
